Concept of the Conference of the Future of Europe

- The Conference on the Future of Europe is a unique and timely opportunity for European citizens to debate on Europe's challenges and priorities;
- European citizens, from all walks of life and corners of the Union, with young people playing a central role in shaping the future of the European project.

European, national, regional and local authorities, as well as civil society and other organisations who want to organise events and contribute ideas;

- The Conference on the Future of Europe is nothing without you and your involvement on this platform. The future is in your hands.

Make your voice heard.
